

OMKAR GODASE

PROFILE SUMMARY

- Salesforce Developer with three years of experience in designing and implementing complex business solutions using Apex, Visualforce, and Lightning components.
 - Hands-on experience working in Agile environments, specializing in Salesforce data migration and integration.
 - Strong background in Salesforce administration, configuration, and Lightning development.
 - Provided Tier I and Tier II support, resolving production issues for key projects like OSPI, CDE, LSC, and Utah, ensuring timely resolution, often within the same day or desired time frame.
-

PROFESSIONAL EXPERIENCE

Salesforce Developer, 05/2022 - Current

REI System Pvt.Ltd - Pune

PROJECT I - Washington Office of the Superintendent of Public Instruction (OSPI)

- Implemented complex financial calculations needed to process the funds for local education agencies, as directed by the Washington State Legislature, using Apex classes and Flows.
- Implemented the bulk amendment feature to amend multiple grants at the same time, to process all the current year funds, and carry-over funds using Apex batch jobs.
- Supported ongoing production issues on the project throughout the implementation.
- Developed and implemented complex, logic-driven forms, including Worksheet A and Worksheet C, incorporating advanced financial calculations to streamline data processing, ensure accuracy, and enhance workflow efficiency.

PROJECT II - California Department of Education (CDE)

- Provided Tier I production support by troubleshooting real-time issues, ensuring system stability, and a consistent user experience during all phases of implementation.

PROJECT III - Legal Services Corporation (LSC)

- Supported ongoing Tier I production issues on the project throughout the implementation.

PROJECT IV - UTAH

- Monitored and resolved Tier I support tickets, minimizing disruption and maintaining application performance throughout implementation cycles.
